Models to strip cables from 1/8 to 7/8 O.D.

Model Shown
SA-200SKA
with Wire Stripper, Utility Knife & Adapter

HI-TEK Stripper for Non-Metallic Cables

Available on all models

AT LONG LAST A NEW CONCEPT IN A CABLE AND WIRE STRIPPING TOOL

The ***STRIP-ALL*** is a compact labor saving tool ergonomically designed to make a cinch of stripping the jacket of many cables such as: plenum, computer & communication, line cord, Romex® / NM (flat or round), coax, Category 5 plus many more! Ring and straight cuts are easily accomplished on a multitude of cables from 1/4" to 7/8" O.D. A handy built in wire stripper eliminates the need to reach for another tool. Use the folding knife blade to quickly cut off the Romex® jacket and paper filler. Very safe, easy to use, high quality tool. The ***STRIP-ALL*** will give you years of service and you'll be wondering how you ever got along without it!

- Straight cut cables from 1/4" to 5/8" (15mm) & ring cut up to 1/2" (12mm) 3/8" to 7/8" extended range with SA-200L
- Equipped with an extra sharp surgical type blade cartridge which easily slices through cable jackets. Extremely accurate, prevent damage to conductors by setting the micrometer dial to the correct depth.
- Built in wire stripper and folding utility knife blade on select models.

- Each tool includes a spare blade cartridge in the top housing. Blade cartridges are easily replaced by simply removing one phillips head screw.
- The **SA-200-UR** is the perfect tool for datacom work. It has a crimper for UR, UY and UB connectors. Also cut 18-26 AWG wires with the built in wire trimmers.
- Use **A-201 Adapter** to strip & ring cut wires as small as 1/8", such as Cat. 5 and communication cables.

B-202 Blade

A-201 Adapter / Reducer
